OUR PROGRAM

More Than Basketball

A community investment in student-athletes, leadership, and opportunity.

Our Mission

The Moanalua High School Boys Basketball program is committed to developing disciplined, fundamentally sound, and academically responsible student-athletes. Our identity is built on desire, determination, dedication, and defense—values that shape how our players prepare, compete, lead, and serve.

Why Sponsorship Matters

A successful high school program requires resources beyond the regular school-season budget. Sponsorship support helps reduce financial barriers for families while allowing coaches to provide a safe, organized, and competitive environment for Varsity and Junior Varsity athletes.

- Equipment, uniforms, basketballs, training aids, and safety supplies
- League, tournament, officiating, facility, and event expenses
- Team travel, transportation, meals, and hydration
- Player-development opportunities, camps, clinics, and film resources
- Academic support, leadership development, awards, and recognition
- Community events, program communications, and family engagement

The Value of Partnership

Sponsors are recognized as partners in the growth of young people. Depending on the selected level, recognition may include the program website, social media, printed materials, event signage, game-day announcements, and other approved program communications. Every partnership will be coordinated in accordance with school and athletic-department policies.

YOUR IMPACT

What Your Support Makes Possible

Program Priorities

Athlete Development

Fund skill training, strength and conditioning resources, film study, and competitive development.

Safe, Quality Equipment

Maintain reliable basketballs, uniforms, training tools, first-aid supplies, and team equipment.

Competition & Exposure

Support participation in leagues, tournaments, camps, and events that challenge athletes and expand opportunity.

Family Affordability

Help limit out-of-pocket costs so participation is based on commitment and effort—not financial circumstance.

Academic & Leadership Growth

Reinforce accountability, time management, teamwork, community service, and preparation for life after high school.

How Funds Will Be Managed

Contributions will be coordinated through the appropriate school or program-approved process. Funds will be directed toward legitimate program needs and used to advance the experience, safety, development, and competitive readiness of Moanalua Boys Basketball student-athletes. Sponsors may ask the program contact about current priority needs, in-kind contributions, and available documentation.
